Re: Bossler Road Closure

ROAD CLOSURE NOTICE:

Bossler Road will be closed from **Greenbriar Drive** to **Hess Road** on **Tuesday, August 20th** for the replacement of a stormwater pipe crossing, just north of Greenbriar Drive. Regular commuters using this road to access the Conewago Industrial Park should detour via Furnace Hill Road and Hess Road.

Please reference the map on the following page for project location and for detour route.

Residents living on this section of Bossler Road will still be able to access their properties from Hess Road. Police, Fire & EMS will also still have access to all properties in a similar manner.

If your daily travels take you through this area, please find an alternate route.
